

SIMPLY CLEVER

# ŠKODA COLLECTION 2007

**Škoda**Genuine Accessories®

## ŠKODA COLLECTION

Nowadays the Škoda brand represents a symbol of creative and original solutions fully in accordance with dynamic lifestyle of our customers. We decided to develop further this harmonic connection between the brand and customer into something original, something that would reflect company philosophy - something that could be referred to as "simply clever". The result of this effort is a range of thematically oriented collections of attractive products being presented under the common name Škoda Collection.

This brochure has been prepared for your easy orientation within Škoda Collection products.

Also look for current bicycle selection that is brought up to date every year during the spring. There will be a separate brochure of bicycles issued.

We believe that Škoda Collection products will satisfy our customers and help them to identify better with Škoda brand and strengthen their loyalty.

Men's jacket

Ladies' jacket

Men's softshell jacket

Ladies' softshell jacket

Men's fleece jacket

Ladies' fleece jacket

Winter gloves

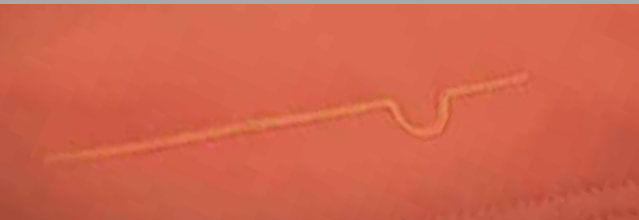

Winter hat

Winter scarf

Distinguishing marks

Unifying element of the entire collection is the symbol of a tyre tread, which is a decent and tasteful nod to our pertinence to the car manufacturers. The link to the Škoda trademark is also symbolised by the specific underline and sewn-on labels.

Category	Description	Permeability	Recommended use
0	colourless or very light filter	80 - 100 %	
1	light filter	43 - 80 %	
2	medium-dark filter	18 - 43 %	
3	dark filter	8 - 18 %	
4	very dark filter	3 - 8 %	

**Polarization filter**  
The polarization effect is due to lenses treated with this filter greatly reduce the transmission of glare. Glasses with these lenses are particularly suitable for driving.

**Sun filter**  
This determines how dark the lenses are, or the amount of visible light that can permeate through the lens. It tells the user which environments the sunglasses are suitable for.

UV filter	
Guarantees 100 % protection against UVA, UVB and UVC solar radiation.	
Long-wave UVA radiation	315 - 400 nm
Medium-wave UVB radiation	280 - 315 nm
Short-wave UVC radiation	100 - 280 nm
